

CONSTRUCTORA CONCRETO S.A.

It reports that:

Implementing the strategy of improving the capital structure by reducing indebtedness through the execution of an asset divestment plan, the Company today signed an agreement with Banco Santander de Negocios S.A. to settle the debt owed to it for an approximate value of COP \$13,400 million. respectively. This will be done through the exchange of participation units of the Pactia Inmobiliario Private Equity Fund.

This transaction will allow Concreto to improve liquidity, ensure compliance with its financial and contractual obligations, as well as reduce its indebtedness.

Concreto will continue to advance in the implementation of its strategy to optimize its capital structure, face the challenges of the sector and strengthen the Company for the long term.
